

# After Preschool Care 2010-2011

After Preschool Care will be available to any child registering for a morning preschool session at the YMCA of Harrison County. After Care will run from the time their preschool class ends until 5pm. Children will have gym time, swimming, crafts, and various activities while in the after care program. Children must bring their lunch and an afternoon snack. After Care costs are paid monthly and are the same as your child's preschool class costs.

**Each day of after school care, the child should bring:**

- **his/her swimwear and towel**
- **sack lunch**
- **clothes that can get messy**

After Care staff are trained in CPR, First Aid and AED, as well as YMCA Child Care and Abuse Prevention Standards. All YMCA child care programs are held to high standards and are intended to serve participants as well as possible while instilling the core values: honesty, caring, respect, and responsibility. If you have questions about this program or any child care program please feel free to contact the YMCA of Harrison County.
